

Press release 2023-01-24

## AcuCort receives market approval from the Finnish Medicines Agency for the drug Zeqmelit®

AcuCort has received approval for the company's first drug Zeqmelit® in Finland from the Finnish drug monitoring agency, Fimea. Thus, Zeqmelit® has been approved in all Nordic countries.

"An important milestone for the upcoming market launch of Zeqmelit® in the Nordics is achieved with this approval. We look with great confidence to the upcoming launch in the Nordics and continue the work to register Zeqmelit® in other prioritized markets", says Jonas Jönmark, CEO of AcuCort.

In the development of the drug Zeqmelit®, AcuCort has succeeded in combining the advantages of the well-proven substance dexamethasone and a patented user-friendly oral film for quick availability and relief in emergency situations such as severe and acute allergic reactions.

Zeqmelit® has previously been approved by pharmaceutical authorities in Sweden, Norway and Denmark. AcuCort's objective is to commercialize Zeqmelit® globally, i.e. in the EU, USA and in selected key markets.

### **About AcuCort AB (publ)**

AcuCort has developed and commercializes Zeqmelit®, a new fast-dissolving oral film to be placed on the tongue, based on the well-known cortisone substance dexamethasone. The drug is a smart product in a new, innovative, patented and user-friendly administration form primarily for the treatment of severe and acute allergic reactions, croup in children, nausea and vomiting during chemotherapy and for the treatment of patients with covid-19 who need 2 supplemental oxygen therapy. Zeqmelit® is approved in Sweden, Denmark and Norway. All in all, it strengthens the company's assessment that the time until commercialization can be relatively short. AcuCort (short name: ACUC) is listed on the Spotlight Stock Market. Please visit [www.acucort.se](http://www.acucort.se).
